

Regarding LPFM, please do not do anything to change my ability to receive radio station 94.3 FM, K-LOVE, radio station in this (or any other) area. I am a willing subscriber to this service and do not listen to any other music radio station.

1. K-LOVE serves me as a resident of this community by broadcasting local faith-based events for our community, information which cannot be found in any other one place. Also, K-LOVE broadcasts news events within the context of faith communities, which we do not receive on standard commercial broadcasting stations.

2. If K-LOVE were to be displaced by other programming, we would be losing a unique, uplifting music and information station that provides valuable guidance, for anyone who wants to listen, on positive ways of improving our lives and helping others in need.

3. The service provided by K-LOVE is in the public interest because it is the only radio station available that provides this service, commercial-free, and un-influenced by sponsosrs or commercial advertisers. It is totally geared for the listeners and its purpose is to help people in need.

I love K-LOVE and do not wish to lose it. Please protect the services that allow me to receive this signal. Thank you.
